ate that these old fusils are aifs counsellors—and that a neglect of their advice might be disasteront. I have a case in point. Solomen had a long and prosperons reign, and at his death left a kingd-on which for wealth, granden, and strength was without a rival. His son, Raboboum, went dum to Schrkem to be crowned king, when the large the solomen and there learned king. When the large time and there learned wisdom. They adviced him to lighten their burdens and to speak kindly to the people. Me then advised with the hot-headed young sprouts, who advised him not to grant their requests, but to lay on Macduff. Rebobam after the conneal of the young men, and speak in groughly to the people, said ha would increase their burdens. And therefore one of Seriots of the conneal of the young men, and speak in groughly to the people, said ha would increase their burdens. And therefore one of Seriots of the conneal of the young men, and speak in groughly to the people, said ha would increase their burdens. And therefore one of Seriots of the serious their burdens. And therefore one of ten, and thereby disrupted the mest glorious king lom on earth.

But Rebobam not believing in the Constitutional right of secession—eart out Adversm, who was over the tributes, a kind of Secretary of the Treasery, to collect the taxes. But all israel stoned him with stones until he died, and Rebebbam finding that revolution overrode the Constitution, made heats to his carriege and made tracks to Jernaselm; and, doubtless, if our President was to send a collector to South Carnina, he would share the fats of Advarm.
